SUMMARY

Frontend Developer with over 4 years of professional experience as a Full-Stack Developer, providing a comprehensive perspective for building scalable and robust web applications. Currently specializing in React and modern frameworks, I combine technical expertise with a strong commitment to clean code and industry best practices to deliver high-quality solutions, consistently meeting exceptional results even under tight deadlines.

PROFESSIONAL EXPERIENCE

Full Stack Developer at Tavuel

(January 2022 - April 2026)

- Designed and developed a full-stack ticket-selling platform using React, GraphQL, and Prisma within a compressed 4-week timeframe, meeting the client's urgent delivery requirements.
- Engineered a secure donation pipeline using Remix and Stripe, integrating it into an existing web application, automating 100% of the confirmation and fund allocation process via custom webhooks, reducing manual administrative work by 10 hours weekly.
- Streamlined the project onboarding process for new developers, reducing their "time-to-first-commit" from 2 weeks to 4 days through structured mentorship and technical documentation.
- Managed the simultaneous development of multiple full-stack projects, effectively balancing context switching to meet all delivery milestones ahead of schedule.

SKILLS

- Next JS
- Remix
- Tailwind CSS
- Prisma
- MySQL
- GitHub
- React JS
- TypeScript

EDUCATION

Bachelor's Degree in Systems Engineering

Universidad Nacional of Costa Rica (2018 - 2024)

LANGUAGES

- English:** Technical Proficiency.
- Spanish:** Native.
